

## Ms. Rosalinde van der Vlies

### Member of the Clean Hydrogen Partnership Governing Board

Director of the Clean Planet Directorate, Directorate-General for Research and Innovation, European Commission.

Ms. Rosalinde van der Vlies, is the Director of the Clean Planet Directorate in the European Commission, Directorate-General for Research and Innovation and Deputy Mission Manager of the Climate-Neutral and Smart Cities Mission.

Before her appointment as Director, Ms. van der Vlies was the Head of Coordination & Interinstitutional Relations Unit, and acting Head of Communication & Citizens Unit.

Previously she held positions in Directorate-General Environment, Directorate-General Justice and Home Affairs, and in the private office of Janez Potočnik, the European Commissioner for the environment.

Before joining the European Commission, she worked as a competition lawyer in an international law firm in Brussels and was a part-time teacher at the Catholic University in Brussels.
