

AWARENESS OF HYDROGEN TECHNOLOGIES IN EUROPEAN UNION

Sample size **25,900**
Survey period **September 2022**
Methodology **Online**

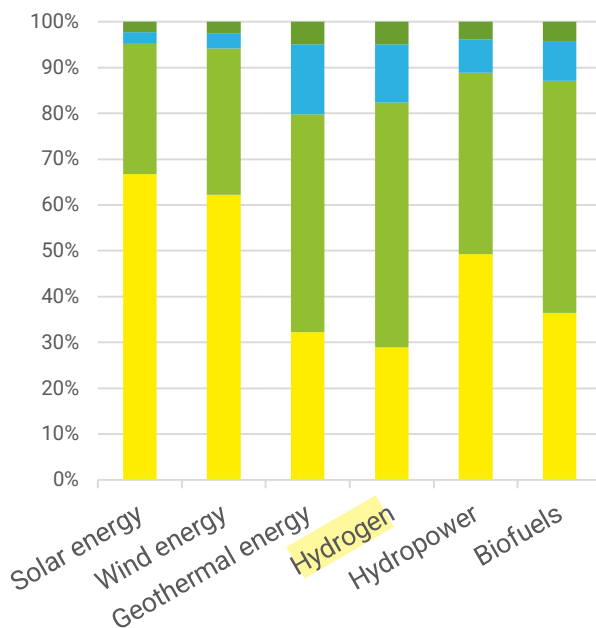

Co-funded by
the European Union

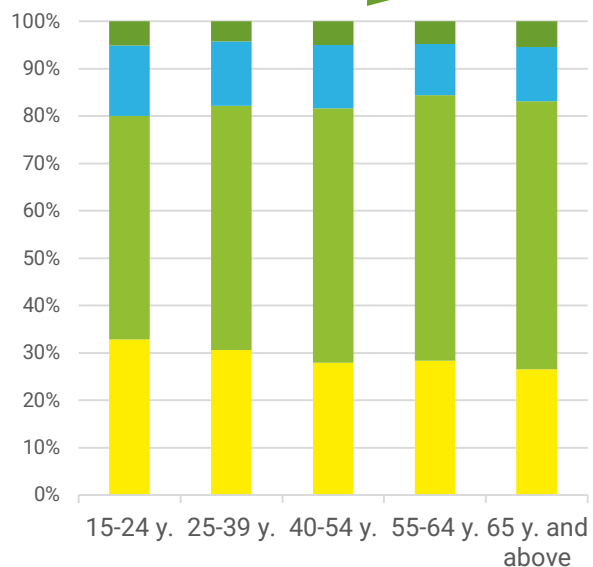

AWARENESS OF ENERGY AND HYDROGEN

Have you seen, read or heard anything about each of the following energy sources?

- Yes, and you are rather familiar with it
- Yes, but you are not at all familiar with it
- No, you have never heard or read about it
- Don't know

Have you seen, read or heard anything about Hydrogen?

To what extent do you feel that the provision of energy being dependent on other countries represents an important issue facing your country at the moment?

90%

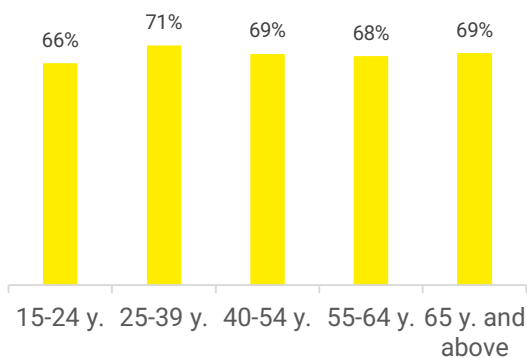

of Europeans feel that the provision of energy being dependent on other countries represents an important issue facing their country

70%

of people in EU27 feel that hydrogen is a good solution for reducing the energy dependence of their country

Do you think that Hydrogen is a sustainable energy source?

69% of people in EU27 consider hydrogen to be a sustainable energy source

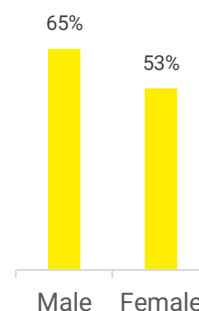

Do you think that the use of Hydrogen is as safe as the use of any other energy source?

59%

of Europeans believe that hydrogen is as safe as other energy sources

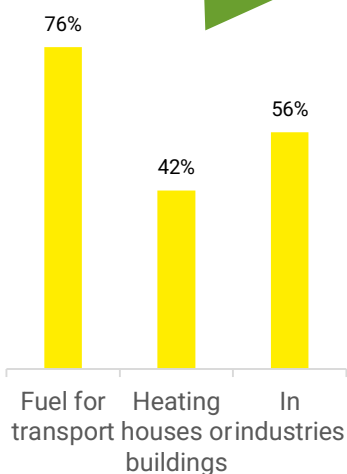

Have you heard of these hydrogen applications?

9%

of Europeans have experienced these hydrogen applications

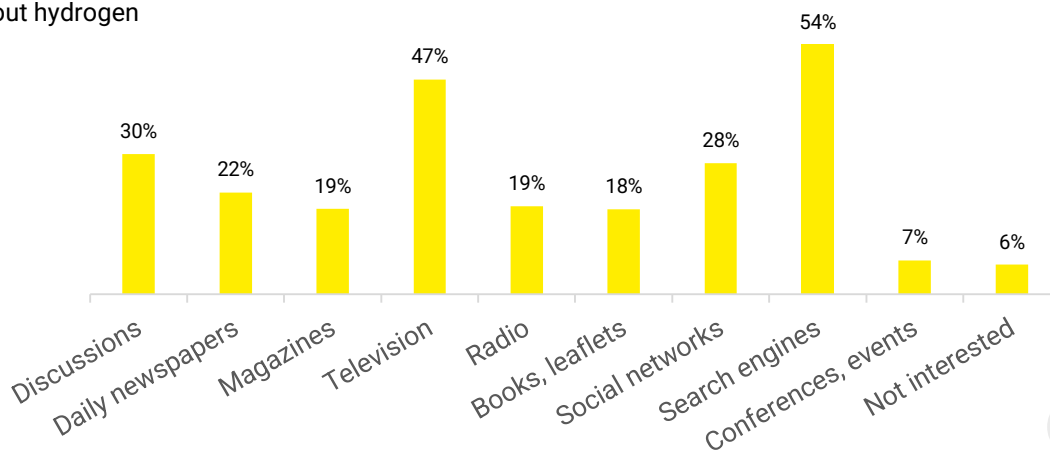

INFORMATION ABOUT ENERGY

71%

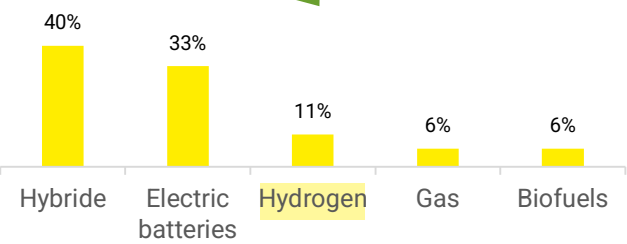

of people in EU27 interested to know more about hydrogen

When you look for information on energy in general, which of the following sources, if any, do you use?

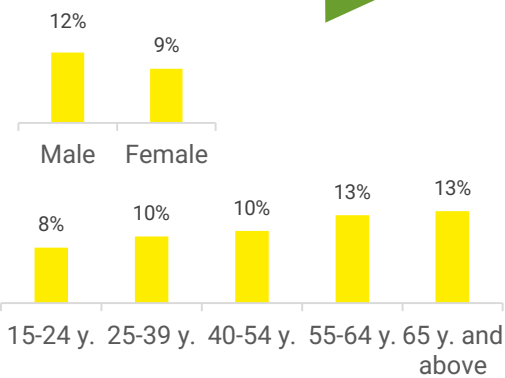

ENERGY AND MOBILITY

If you were to switch to a new car using an alternative energy, what would you choose?

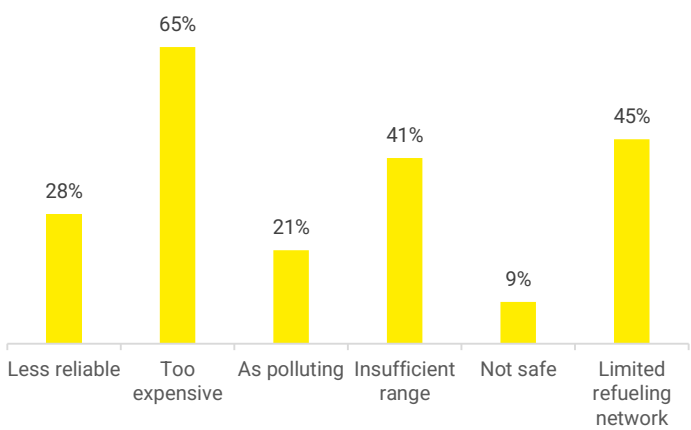

If you were to switch to a new car using an alternative energy, would you choose Hydrogen?

What are your main reasons for not considering moving to an alternative fuel?

Alternative energies are...

For your personal energy needs, to what extent would you be ready to pay more for a cleaner energy produced from sources that emit less greenhouse gases?

63%
of people in EU27 are ready to pay more for a cleaner energy
