Webinar

Clean Hydrogen at Scale: Strengthening Europe's Competitiveness Through Sustainable Water Use

Friday 10 July 2026 | 10:00 - 11:30 CEST

Clean Hydrogen Partnership

Co-funded by the European Union

Agenda

10.00 – 10.15	**Opening remarks** ▪ **Mirela Atanasiu**, *Head of Unit Operations and Communications,* Clean Hydrogen Partnership ▪ **Luigi Crema,** *President,* Hydrogen Europe Research ▪ **Alessandra Cuneo,** *Head of Hydrogen and Power Generation R&D,* RINA
10.15 – 10.40	**Session 1 – Sustainability of water use and management in renewable Hydrogen production** *Presentation of Study results from the involved project partners* ▪ *Water Availability and Hydrogen Deployment: the Clean Hydrogen Explorer* **Marco Micotti,** SoftWater ▪ *Insights from Regional Case Studies* **Gianluca Greco,** Fundación Hidrógeno Aragón ▪ *Key Takeaways for Water-Smart Hydrogen Deployment* **Alessandra Cuneo,** RINA
10.40 – 10.50	Audience – Q&A
10.50 – 11.20	**Session 2 – How can renewable hydrogen scale without compromising water resources?** *Moderated panel discussion focused on connecting project outcomes with EU policy and industrial relevance, and sharing lessons learned with other EU initiatives* ▪ **Luca Feola,** *Project Officer,* Clean Hydrogen Partnership ▪ **Arno van den Bos,** *Analyst,* Irena ▪ **Marco Vavassori**, *Sales Manager for Energy Transition & Hydrogen Business Unit*, De Nora ▪ **Julie Mougin,** *Deputy Director for Hydrogen Technologies,* CEA ▪ **Marco Serafini,** *Scientific Project Officer,* Joint Research Centre Moderated by **Alessio Tarantini,** *Innovation proposal and Project Management Executive Director* in RINA
11.20 – 11.30	Closing remarks
