

C-Energy 2020: How can the network of Energy NCPs help you?

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No. 831798

Objectives

- **To improve** the knowledge and skills of the Energy NCPs
 - **To raise** the standard of support and simplify the access to H2020 calls for newcomers and applicants from widening countries
 - **To facilitate** transnational cooperation amongst Energy NCPs including non-beneficiaries (i.e. NCPs who are not member of C-Energy consortium)
- **Our final goal is to enable you to submit more competitive H2020 projects!**

@CDTIoficial

FFG

The main NCP services

- Activities targeting its members (NCPs) or stakeholders (academia, RTOs, SMEs and industry)
- **Activities targeting stakeholders:**
 - Information about EU funding opportunities in the energy field
 - Support in the preparation, submission and execution of the proposals
 - Advice on administrative procedures and contractual issues
 - Training sessions on Horizon 2020 and proposal writing

**Keep in touch with Energy NCPs to keep informed
about Horizon 2020**

In particular.....

- Questions about application process
- Support in partner search – C-Energy NCPs help you
 - To find partners for your project
 - To offer your services, experience and knowledge to other partners

Partner Search Tool: create your account and search partners to build your consortium or find your project to be partner in the energy field.

www.partnersearch.c-energy2020.eu

In particular.....

- **Brokerage events**
an opportunity to make contacts and build consortia through B2B meetings
- **Information and training sessions for stakeholders**
C-Energy NCPs organise Infodays and training sessions in your own country

In particular.....

- **Website, e-newsletter and social media accounts** updated insights on EU energy funding opportunities, events and policy developments
