

Overview of the main list projects and participants

1

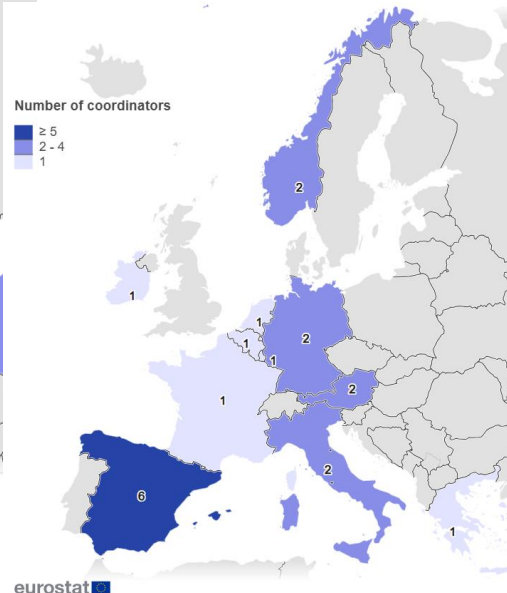

Geographies

Participants

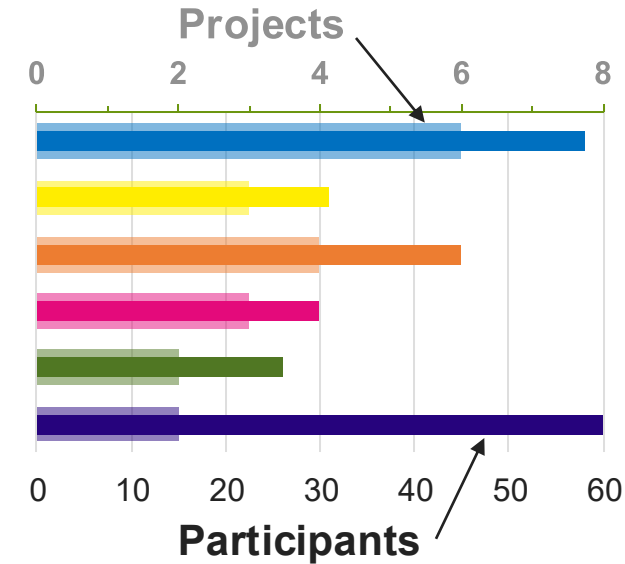

+ 2 entities from Canada, 1 from South Korea, Japan, USA, and Liberia (outside map)

Coordinators

Participation

Renewable Hydrogen production
 Hydrogen storage and distribution
 End uses: transport applications
 End uses: heat & power
 Cross-cutting Issues
 Hydrogen Valleys

JU Experience – pulse survey

- First-time coordinators in:
 - HE project?
 - JU projects?
- Participating in JU project(s)?

Tell us about you, briefly ;-)

HyDA
KAEMEL
SatelHyte
SCALE-UP

Electrolysis

Large Scale Storage

Hydrogen in natural gas grid

Hydrogen Carriers and Liquid Hydrogen

Hydrogen Transport

Compression, Purification, Metering

Hydrogen Refuelling Stations

Other Routes

Production

Distribution and Storage

MARHYLIN

RECOLIQ
CrHyOShip

JANUS

AMPHORA

Building Blocks

Transport Applications

LHyDA

Marine

Stationary Applications

ENH3ANCE

Heavy Duty

SOFC4SEA

Waterborne

Rail

HyPROMISE
ZENITH

Stationary Fuel Cells

Turbines, Boilers, Burners

End-use

GLADHYATORS
NOSE-H2

Cross-cutting

PanH2V
HyHOPE

Hydrogen Valleys

Supply chain

Strategic Research Challenges

Horizontal Activities
