

Development of H₂ Safety Expert Groups and due diligence tools for public awareness and trust in hydrogen technologies and applications

Project No: 325357

Starting date: June, 1st 2013

Duration: 18 Months

Deliverable No. 2.3

Title: Literature and Knowledge Base

Contractual delivery date: 31, October 2013

Partner: MATGAS

Status: F

(D-Draft, FD-Final Draft, F-Final)

Dissemination level: PU

(PU-Public, RE-Restricted, CO-Confidential)

Authors:

Lourdes Vega (MATGAS, Carbueros Metálicos)

Patricia Ruiz (MATGAS)

Marta Llorca (MATGAS)

Note: Author printed in bold is the contact person for this document.

Date of this document:

29 November 2013

Index:

1. EXECUTIVE SUMMARY	4
2. ABOUT THE LITERATURE DATABASE	5

1. Executive summary

This document contains the information of the online web portal of the project H₂TRUST (<http://h2trust.eu>), which has been created in order to have an online literature database and knowledge base.

2. About the literature database

For each reference included in this literature database, is indicated the following information, with the aim to facilitate the search of different documents by the users:

1. **Title:** original title of the document.
2. **Authors:** names of the persons who wrote the document.
3. **Keywords:** important words regarding the content of the document.
4. **Category:** classification of the document, taking into account its main subject. The different categories are the following:
 - a) Hydrogen generation.
 - b) Power generation & Consumption.
 - c) Refueling.
 - d) Safety.
 - e) Storage & Distribution.
 - f) Energy sources.
 - g) Legislation.
5. **Year of publication:** year when the document was published.
6. **Link:** link of the website, where the document is available.
7. **Type of document:** The different types of documents are the following:
 - a) Article.
 - b) Book.
 - c) Communication.
 - d) Deliverable.
 - e) Poster.

- f) Presentation.
 - g) Report.
 - h) Brochure.
 - i) Newsletter.
 - j) Proceedings.
 - k) Sheet.
 - l) Review.
 - m) Workshop.
 - n) Website.
8. **Language:** language of the document.
9. **Reference:** specification of the documents. For example, in case of articles: journal, volume (issue), pages and year.

This document has been created in order to inform that the deliverable 2.3 has been done directly online on the website: <http://h2trust.eu/category/deliverables/>. It is important to note that this literature and knowledge base will be active, allowing updating, removing, or adding new references during and after the project period.
