

Grant Agreement Preparation (GAP)

Overview and actors

Lionel Boillot, Project Officer / Call Coordinator

Single gateway for all exchanges: **Funding and Tenders Portal**

- Deep integration of IT tools and services in the portal
- Uniform experience
- Common business processes

Electronic-only paperless process flows

- Digital sealing of documents
- Digital signature on all formal documents replacing blue-ink signatures
- Single, common document repository
- Full traceability and audit trail ensured (who-what-when)
- Predefined business rules in the IT suite ensure compliance

GAP: No negotiation

Your proposal is taken 'as is'

- Proposals were evaluated based on merit and not on their potential
- The Grant Agreement (GA) is prepared on the basis of the proposal selected for funding

BUT some changes may be necessary:

- Changes to meet legal and financial requirements
- Requirements resulting from ethics review or security scrutiny
- Due to removal of participant (if agreed by CleanH2 JU)
- Correction of clerical errors and obvious inconsistencies
- Correction of shortcomings identified by the experts in the ESR

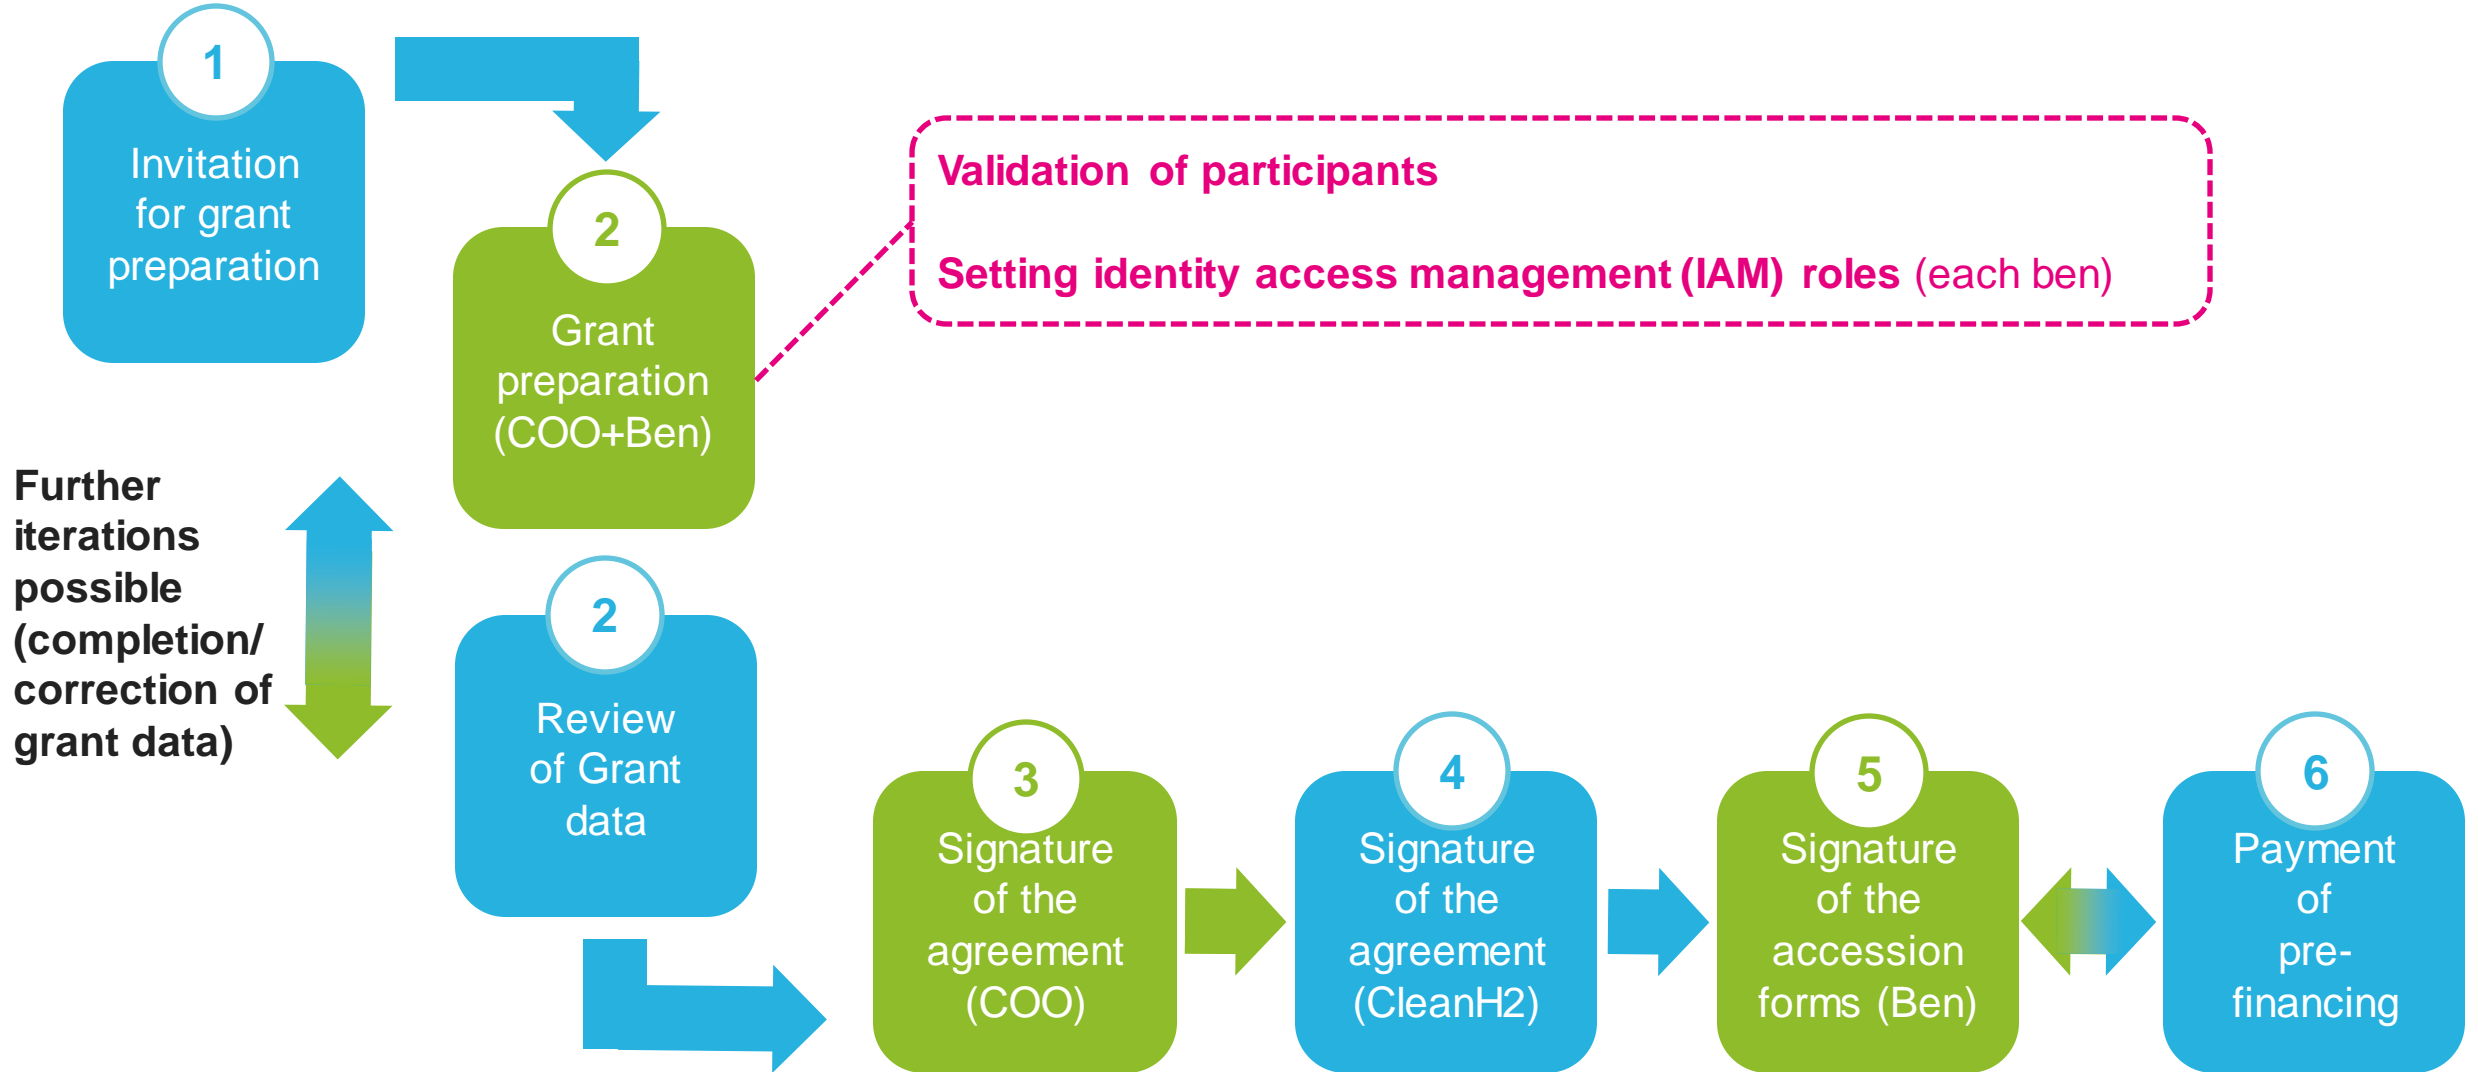

No negotiation does not mean no control

- Eligibility and viability checks
- Anti-fraud measures and risk-based controls are carried out

Non-compliance, serious breach or negligence of the applicable rules evokes **the termination of grant preparation** and the rejection of the proposal

GAP: the main steps of the process

Appointment of individuals for the key roles

No REA services / CleanH2 JU intervention in defining the roles (except for the **LEAR** and **Primary Coordinator Contact**)

The **minimum configuration** of a consortium is:

- 1 Primary Coordinator Contact per project
- 1 Participant Contact per organisation
- 1 LEAR per organisation
- 1 Legal Signatory per organisation
- 1 Financial Signatory per organisation

One person (= 1 EU Login account) can have as many roles as necessary at the same time

(e.g. the owner of a one-person SME can be PaCo, LEAR, PLSIGN and PFSIGN)

Some roles are automatically provisioned from your proposals (“original roles”) as follows:

- The **proposal initiator in the proposal submission phase** will automatically be recognised by the Commission as the **Primary Coordinator Contact**.

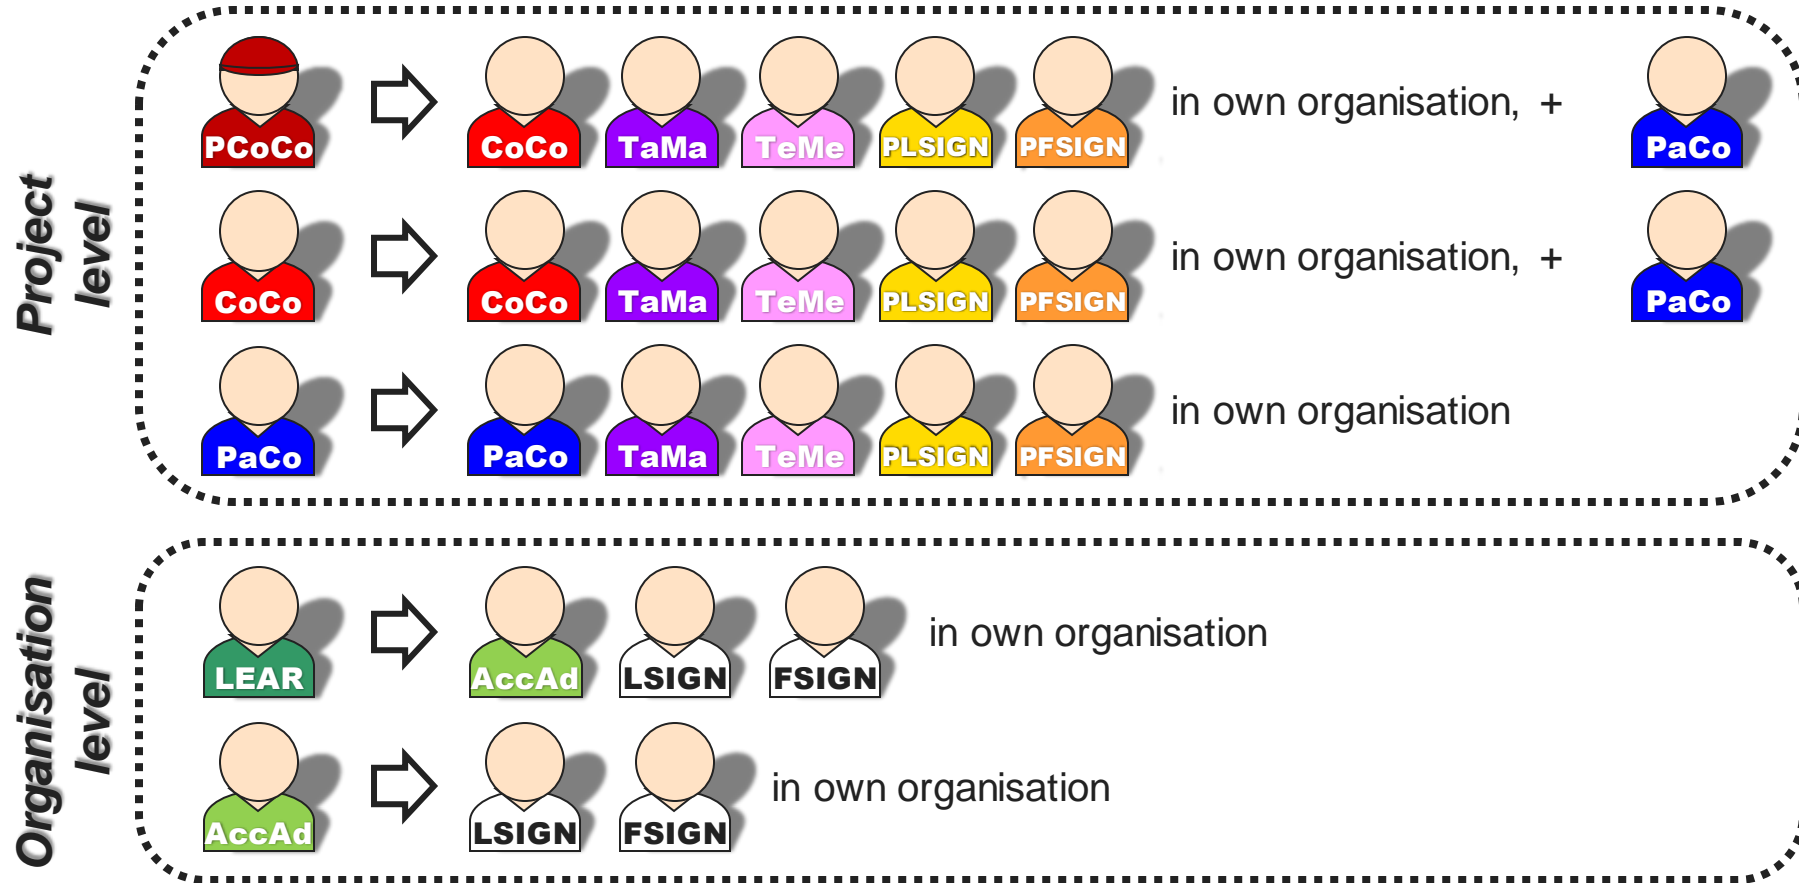

- The "**Main Contacts**" of the participating organisations identified during **proposal submission** will become **Participant Contacts** at the beginning of the grant preparation.

- The **LEAR** is validated by REA during the validation process of his/her organisation.

Do you have a gender equality plan? * Yes No

Please provide answers to all the questions below. This is an obligation for all types of organisations.
For the Gender Equality plan to be considered compliant you must be able to answer 'yes' to all the questions below.
Please note that for public bodies, research organisations, and higher and secondary education institutions the existence of a Gender Equality Plan is an eligibility criterion, meaning that without it an organisation of this type will not be allowed to submit a grant proposal.
This is a self-assessment and you are not required at this stage to upload the Gender Equality Plan document. The declaration will be considered an official statement and by selecting 'yes' you are formally confirming that your organisation has a gender equality plan and that this document is signed by senior management and available on the organisation's website.
Filling the questionnaire is based on self-assessment. You will not be required at this moment to upload the document, however your answers to the questions below will be considered as official statement; failure to provide the Gender Equality Plan if/when requested, may lead to exclusion from the list of successful applicants, or - in case of signed grant - may lead to grant termination and/or recoveries of amounts paid.
It must cover at least the following building blocks
