

Dr. Katharina Beumelburg

Member of the FCH 2 JU Governing Board

Executive Vice President, Siemens AG
Head of the Siemens Hydrogen Solution business

Dr.-Ing. Katharina Beumelburg is Executive Vice President at Siemens AG and the head of the Siemens Hydrogen Solution business. She is part of the Young Global Leaders 2015 of the World Economic Forum.

Katharina worked for the “Fraunhofer Institute for Manufacturing Engineering and Automation” for 4,5 years. During this time she got her PhD in Mechanical Engineering at the University of Stuttgart and focused on robotics and the optimization of assembly systems.

After this assignment she joined Siemens Management Consulting working on strategic projects in all Siemens sectors in the US, China, India and the near middle east. As Vice president Katharina changed over into Siemens Corporate Technology to build up a new unit for Process- and Expert Consulting which after 2 years had about 200 employees in 3 offices around the world.

In April 2014 Katharina was promoted to the global head of Business Excellence and got selected into the “Corporate Core” team. She was responsible for Quality, operational excellence, the company improvement program top+ and the expert consulting company. In October 2015 Katharina took over the responsibility for the Hydrogen Solution business within Siemens.
