Topic Addressed: *MG-9.5-2015 Fostering transnational cooperation in European transport research and innovation – NCP network*

Funding scheme: CSA

Status: ongoing

Start date: 1st January 2016

Duration: 48 months

N° of partners: 16

EC Project Officer: Ioana Olga Adamescu

ETNA EVOLUTION

ETNA 2020 builds upon the activities of its precursors

ETNA 2020 CONSORTIUM

- | | | | |
|-----------------------|---|--------------|---|
| 1) APRE (coordinator) |  | 9) TSB |  |
| 2) ASE |  | 10) IPPT PAN |  |
| 3) BEA |  | 11) ISERD |  |
| 4) CDTI |  | 12) FORTH |  |
| 5) CVTISR |  | 13) RPF |  |
| 6) EI |  | 14) RTU |  |
| 7) FCT |  | 15) RVO |  |
| 8) IFSTTAR |  | 16) SVEMO |  |

In addition to the beneficiaries of the ETNA 2020 consortium, NCPs from Member States and Associated Countries or third countries are involved, somehow, in the project activities.

NCPs: WHO WE ARE AND WHAT WE DO

National Contact Points (NCPs) provide guidance, practical information and assistance on all aspects of participation in H2020 at the national level. NCPs give personalised support on the spot and in applicants' own languages.

The NCP systems can vary from one country to another, from highly centralised to decentralised networks, and a number of very different actors, from ministries to universities, research centres and special agencies to private consulting companies.

ETNA 2020 OBJECTIVES

Raise the general understanding of the EU Transport R&I landscape

Support the capacity building of NCPs & Upgrade their set of tools for assistance

Strengthen the participation of stakeholders to Horizon 2020

Create & promote networking opportunities within the Transport constituency.

ETNA 2020 SERVICES FOR NCPs

Single web-based entry point to European transport R&I sources of public and private funding

WELCOME!

ETNA 2020 strengthens the linkage between the 'Smart, Green and Integrated Transport' NCPs and all the research and business stakeholders in the transport sector, including all the transport modes and several cross-cutting areas (e.g. Safety, Logistics, Urban Mobility, Intelligent Transport Systems, Infrastructures, Socioeconomic and behavioural research), providing a variety of services that are tailored to the specific needs of transport stakeholders.

EU transport landscape

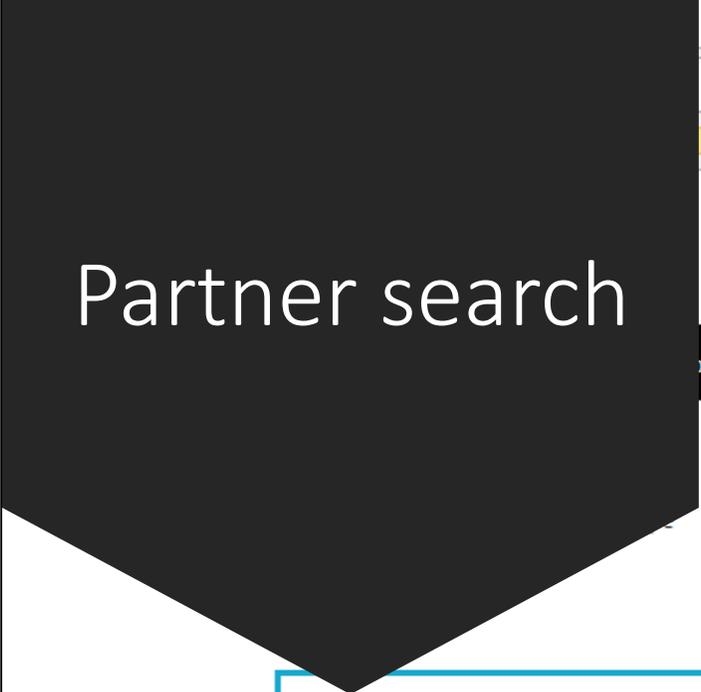

The screenshot shows a web browser window with a navigation bar at the top containing categories like 'movies', 'job', 'reading', 'tests', 'beauty', 'technology', 'art', 'comics', 'food', and 'oddities'. Below this is a header for 'National Contact Points for 'Smart, Green and Integrated Transport'' with links for 'Home | About | Contacts | Login'. A row of five colored circles (yellow, red, blue, green, red) is positioned above a row of five text-based links: 'Partner searches', 'Events & trainings', 'Toolbox', 'Funding Map Database', and 'NCP Twinning'. At the bottom, four puzzle-piece icons are arranged horizontally, each within a colored border and labeled: 'European Technology Platforms' (yellow), 'Public-Private Partnerships' (green), 'ERA-NETs' (red), and 'Useful Links' (blue).

Funding Map Database

The screenshot shows a web browser window with a navigation bar at the top containing categories like 'movies', 'job', 'reading', 'tests', 'beauty', 'technology', 'art', 'comics', 'food', and 'oddities'. Below this is a decorative banner with colorful icons. A dark navigation bar contains the text 'Contact Points for 'Smart, Green and Integrated Transport'' and links for 'Home | About | Contacts | Login'. Below the navigation bar are five circular icons with corresponding text: a yellow circle for 'Partner searches', a red circle for 'Events & trainings', a blue circle for 'Toolbox', a green circle for 'Funding Map Database', and an orange circle for 'NCP Twinning'. The main content area features a blue link for 'Home', the title 'Funding Map Database', a label 'Eligible country' with a dropdown menu showing 'Austria', and a label 'Transport Mode' with a 'show options' link. A vertical scrollbar is visible on the right side of the page.

ETNA2020 Twinning Scheme is open for applications

The aim of the twinings/bilateral visits is to transfer knowledge and experience on the day-to-day activities of ETNA2020 and Associated Transport NCPs, mainly aiming at strengthening the NCP network, especially through capacity building and exchange of best practices.

Each Pair / Team of NCPs (max. 5 NCPs per visit) has to decide on a framework of cooperation. Various schemes of exchange can be included in the scheme such as more experienced mentor to non-experienced mentee, peer-to-peer staff exchange, hands on twinning during major event and cooperation during joint workshops and specific trainings for stakeholders. The maximum duration for each visit is 2 days.

Pairs / Teams of NCPs wishing to participate in the twinning scheme should fill in the APPLICATION FORM and submit it to the Task Leader, Ms Eleana Gabriel (egabriel@research.org.cy).

Proposals will be evaluated by the Coordinator, the Work Package Leader and the Task Leader. An important evaluation criterion will be the expected output of the planned cooperation.
