

CORRIGENDUM TO ADDITIONAL ACTIVITIES PLAN 2016 (AAP 2016)

Subject: This document is a corrigendum to the Additional Activities Plan 2016 formally adopted by the FCH 2 JU Governing Board 28/10/2016.

A member of Hydrogen Europe communicated to the FCH 2 JU via an independent third party in 2016 a continuing additional activity (with a life span of over 12 calendar months) for an amount of EUR 28.4 mil. for the years 2016 and 2017.

Due to a clerical error, only the activity related to the calendar year 2017 in the amount of EUR 13.6 mil. was included and accepted in the adopted Additional Activities Plan 2017.

The remaining part of the activity in the amount of EUR 14.8 mil. was by mistake not included in the official Additional Activities Plan 2016.

The FCH 2 JU and the EC services confirm that all the eligibility checks were performed for the additional activity as a whole and the results were positive, and the additional activity can be accepted.

Change to the original AAP 2016:

This activity shall therefore be included in the Additional Activities Plan 2016. Consequently, the total amount is now increased to EUR 224.8 mil. (compared to original amount of EUR 210 mil.)
