Grant Agreement Preparation (GAP)

The GAP process requires administrative & coordination efforts, so:

If you want to have your Proposal turned into a signed Grant Agreement quickly!
Outline of the Presentation

1. Validation of Legal Entities
   • Validation workflow
   • Documents for validation
   • The Legal Entity Appointed Representative (LEAR)

2. Financial Validation
   • Financial Capacity Assessment
   • Bank accounts

3. Mutual Insurance Mechanism
   • Overview
1. Validation of Legal Entities

Validation workflow and Documents
The LEAR
Validation Process Overview

Registration
- Organisations have to register in the Participant Register

Verification & validation of legal data
- Based upon legal documents

LEAR
- Mandatory for all validated participants

FCA
- Financial Capacity Assessment if needed

COMMUNICATION VIA PARTICIPANT REGISTER
• All communication to and from participants is exclusively managed through the Participant Register.

• Messages are notified via e-mail to the contact person (i.e., self-registrant or the appointed LEAR).
Legal Validation

- Organizations need to self-register to get a PIC for the Proposal – “Declared” status
- Registration data is verified by the Validation Service before the signature of the GA – “Validated”
- The legal validation of a participant in the Register of the Single Electronic Data Interchange Area (SEDIA) is done only once at the 1-st Grant or Contract. Data is then reused for any award.
- Validation is required for all beneficiaries and affiliated entities
- Validation is always performed on the grounds of official supporting documents uploaded.
- Non-validated entities/partners will block the GA preparation & signature.
- As of 08/02/2023 ~ 21% of the participants (71 out of 331 in all 15+11 GAPs) are not yet validated
  - 12 Ongoing validations; 52 cases of documents requested, 7 non-responsive “sleeping” entities
How to log in the Participant Register

Legal Validation Documents

✓ Legal entity form (template to be completed, dated, stamped and signed)

✓ VAT extract (< 6 months). If not registered for VAT – official proof of VAT exemption

✓ Entity/ company Registration extract (< 6 months) – for private law bodies

✓ Law/decree/decision – for public law bodies

✓ Treaty – for international organisations

✓ Statutes – for non-profit organisations

✓ Official: delivered by official national authorities. They can NOT be replaced by self-declarations or by sworn or solemn statements before a judicial or administrative authorities, notaries or public officers

✓ Uploaded by the participant (as scanned versions) via the Participant Register

✓ In any of the official EU languages. Free translation in English is required for non EU languages
Legal Entity Appointed Representative (LEAR)

✓ The nomination & validation of a Legal Entity Appointed Representative (LEAR) for the organization is **mandatory**: without LEAR the organization cannot sign a Grant Agreement.

✓ The Role of the LEAR is to
  - Notify the EU of any changes in legal data/status of the organization;
  - Submit (upload) documents related to the Financial Capacity Assessment, if FCA required.
  - Nominate/update in the Participant Portal the legal representatives & signatories (L-Signs)
  - Nominate/update the Financial signatories (F-Signs) to submit financial reports

✓ **LEAR Nomination** can run in parallel with Entity validation, as per REA request for both.

✓ Absence of LEAR will block GA preparation & signature, so give priority to LEAR nomination.

✓ As of 08/02/2023 ~ 22% LEARs (for 76 out of 331 participants) are not yet validated
  - 14 Ongoing; 56 cases of documents requested, 6 non-responsive “sleeping” entities

How to appoint a LEAR

Your organisation must now nominate a Legal Entity Appointed Representative (Legal Entity Appointed Representative, LEAR). Click the 'Add LEAR' button to provide the LEAR data and generate the documents to be printed and signed. Once signed, scan them and upload them along with the rest of supporting documents (copies of IDs for the LEAR and the organisation's legal representative appointing it, and the documents substantiating the empowerment of the latter). Once all necessary documents are uploaded, you will be able to 'Send LEAR for validation'. You will need to keep the original signed documents at your premises, in case of future audits or controls.
How to appoint a LEAR

The values to be entered must correspond to the LEAR's EU Login. An automatic check will be made to verify if the LEAR has an EU Login based on the declared values. If the EU Login is not recognised, you will be unable to enter the remaining LEAR data. However, the LEAR will be invited to create his/her account upon your confirmation. If the EU Login exists, you will be able to enter the remaining data required. Please enter the first name and last name exactly as written in the identification document you will provide for validation.

Last name *
How to appoint a LEAR

In order to reduce the chance of error and speed the validation process, the LEAR appointment documents will be created using the data input. The activation of the LEAR account requires a PIN code that will be sent to the LEAR upon completion of the validation process. If you provide the LEAR’s mobile phone number this PIN code will be sent by SMS, avoiding delays and other problems of postal delivery. It is therefore recommended to provide a mobile phone number, which will be used exclusively for this purpose.

Professional email

First name: Alina

Last name:

Mobile phone: [Expected format: +CCCNNNNNNNNNNNxBBBBB]

I do not want to give a mobile phone number to receive the PIN

Copy the organisation’s contact details

Mobile phone number to receive PIN code
How to appoint a LEAR

The LEAR must be appointed by the legal representative of the organisation (this could be, for example, the CEO of the company, the [vice]rector of the university..., always in accordance with the statutes of your organisation). Below you can enter his/her name and role and in the documents section (next step) you will be asked to also upload the documents confirming their identity and legal empowerment. Please enter the first name and last name exactly as written in the identification document you will provide for validation.

</table>
Access Lost to Non-valid / Valid PICs

- In case the self-registrant person left the organization, and no one has access to a non-valid PIC
  
  ==> a new PIC needs to be created and REA CVS informed

- If the LEAR is not available anymore, and there are no Account Administrators for a valid PIC, a new LEAR needs to be appointed

  ==> use the **LEAR recovery** procedure.

https://ec.europa.eu/research/participants/urf/lear-recovery/request/
Validation Workflow

Central Validation Service workflow

Validation starts -> REA CVS requests validation documents

Participant replies?

Yes: Submission of documents is complete?
Yes:

No: REA CVS sends reminders to the participant
If the participant is non-responsive, the PIC is set to "sleeping" status in the Participant Register and REA CVS informs the Operational Unit

No: REA CVS requests missing supporting documents

POs contact the participant to request documents' upload

Legal validation + LEAR appointment + FCA preparation
2. Financial Validation

Loan NGUYEN, Financial Officer

Loan.Nguyen@clean-hydrogen.europa.eu

Financial Capacity Assessment
Bank Accounts
The 4 steps of the financial capacity assessment (FCA):

1. Legal entities subject to a mandatory verification of their financial capacity are identified.

2. Requests from Validation team: These Legal entities provide – if not already available – their financial information and relevant supporting documents. Then, this information is verified by the validation services.

3. Required documents

4. Results
1. Legal entities subject to financial capacity assessment

EU Financial Regulation: *Participants in EU grants must have sufficient financial capacity to implement their project.*

Financial capacity of Coordinators will be verified if **Requested** funding for the action \( \geq \text{EUR 500,000} \) unless the Coordinator is:

- a Public body; or
- a Higher or secondary education establishment; or
- a Legal entity whose financial capacity is guaranteed by a Member State or an associated country.

Regardless of your role in project: if **doubts** on the financial capacity of one applicant (e.g. indication of weak financial capacity from other projects/sources, involvement in cases of serious administrative errors or fraud, overdue recovery orders, etc) => **FCA**

If the FCA must be checked, the entity will be contacted by Validation Service via its PIC account in the Participant Register.
# 2. Requests from Validation Team

<table>
<thead>
<tr>

</thead>
<tbody>
<tr>
<td><em>Financial capacity assessment - Request for documents</em></td>
<td>Dear Participant, Following your recent a...</td>
<td>Financial capacity assessment</td>
<td>06/07/2021</td>
<td>View</td>
</tr>
</tbody>
</table>
2. Requests from Validation Team

You might be requested to provide additional financial information. In this case you are asked to upload your financial statements containing the balance sheet, the profit & loss account, the corresponding explanatory notes and, under certain conditions, an audit report issued by a certified external auditor or a self-declaration on the validity of the accounts, signed by your legal representative, the template for which is available [here](#).

The financial statements must cover the last two most recent closed years. Note that, once uploaded, the financial statements for an accounting year with a closure date on or before 30 June will be displayed by the IT systems as related to the prior calendar year. [Find out more](#).
3. Required documents

✓ Balance sheet
✓ Profit and loss account

For the 2 most recent closed and approved financial years
(in official language, dated and signed)

✓ Newly established entities / start-ups:
  • No closed accounts => Business Plan/document with financial projections for 1 year
  • Closed accounts for 1 year => FCA assessment based on that sole year.

✓ External audit report (or signed self-declaration) if requested EU-contribution exceeds € 750.000 (art. 196 EU FR).
✓ Explanatory notes and/or annexes that form part of the above financial statements (if available).

Once completed, the assessment is valid for 18 months from the closing date of most recent assessed accounting period
4. Results on the financial capacity assessment & protective measures

If the result is **positive** (Good or Acceptable) => You can be the coordinator

If the result is **negative** (Weak or Insufficient) **and** poses a risk for the project =>

Possible measures:
* Lower the prefinancing
* Replace the Coordinator
* Request joint and several liability of affiliated entities

*Fyi:* you can check your financial capacity yourself
  : [https://ec.europa.eu/research/participants/lfv/lfvSimulation.do](https://ec.europa.eu/research/participants/lfv/lfvSimulation.do)
2. Financial Validation

Financial Capacity Assessment
Bank Accounts
Bank Accounts

• If needed, during the GAP, coordinators can search for available & validated bank account(s) in the Funding & Tenders Portal's Grant Management Services System

• If no account exists or you want to use another BA, the system displays an explanatory message on how to request the validation of a BA

  Coordinators should start the BA workflow by uploading the requested documents via the Participant Register

• Validation Service will launch BA validation and will inform the Coordinator once validated

Recommendation: ensure the bank account is in EURO!
- Avoid currency exchange costs charged by the bank
- Risk payment is returned back
Bank Accounts

Account number (IBAN or national account number), account name and bank name must clearly appear on the supporting document you will provide later in the process and must correspond. Please note that you should always use the IBAN if this is available.
Mutual Insurance Mechanism (MIM)

- an insurance scheme for all beneficiaries by providing security against certain defaults in payment. Protect financial interest of EU budget.

- The beneficiaries' liability towards Clean Hydrogen JU is limited to their own debts.
- Settlement of financial disputes between beneficiaries requires internal solution within consortium (MIM).

✓ **Intervention during Ongoing project:**

Beneficiary withdraws from the Grant AND does not/ is unable to repay the excess amount received.

✓ **Intervention After the end of the action:**

If Clean Hydrogen JU issues a Recovery Order which remains unpaid, MIM intervene and transfer the amount owed to Clean Hydrogen JU.
Mutual Insurance Mechanism (MIM)

✓ 5% of maximum GA amount will be retained at prefinancing payment and will be released at final payment of balance

✓ MIM = internal fund that covers the risk of non-payment by HE beneficiaries

✓ The Fund belongs to all beneficiaries, is kept by the European Investment Bank and is managed by European Commission (DG ECFIN invests funds on the financial markets)
Resources currently accessible for projects:

**Reference documents**
The page reference documents of the programmes managed on the EU Funding & Tenders Portal including legal documents, work programmes, model grant agreements and guides for specific actions.

**Online Manual**
Step-by-step online guide through the Portal processes from proposal preparation and submission to reporting on your on-going project. Valid for all 2021-2027 programmes.

**H2020 Online Manual**
Step-by-step online guide through the Portal processes from proposal preparation and submission to reporting on your on-going project. Only valid for Horizon 2020.

**IT How to**
IT support guide with step-by-step walkthroughs and videos.

**Glossary**
A list of funding and tender definitions.
Good luck with your GAP!

Nguyen Loan
Financial Officer
